Will be accomplished within a short time. The many persons who if the description of the the committee a sensation was upset and uninterrupted ammunition hoists tended to make Ogden a "Spotless Town" tummediately by Senator Tillman, who were taken up then. The commander were discussed. This included the closing his own way. His request was ig-

Witness Was "Upset."

When confined to criticisms of construction, Commander Sims protested that the procedure of the committee 'upset him.' "You would upset the committee if

you went into all of those things at this time." said Senator Tillman. Chairman Hale said the witness was not to say anything now about "resistance of criticism by naval officers" as

that was a matter of ethics. "Don't you care to know if the department has resisted criticism?" asked

the commander. "Not from you," was the reply This incident furnished an illustration of subsequent proceedings during Comnander Sims' testimony. He got away rom the line of inquiry again and again, and members of the committee in back sharply

Criticism of Admirals.

The armor belt of all our battlesnips He charged that the statements made by Rear Admirals Converse and Capps were misleading. "If an admiral should go out of port without full bunkers-say on a cruise to the Paeific-and should meet an enemy-say in the West Indies-he would be courtmartialed," said the commander. "There might be a heavy sea running and the fleet not be able to use their guns for a week. Then the ships would need fuel

He said that the logs of the ships of the

battleship fleet should be secured, and these would show the water line of all

"That's for us to get, not for you to state," said Chairman Hale. Senator Tillman then came to the resword he had received. "All the comnander is trying to say," interjected Mr. Tillman, "is that the log books will

bear out his statements." Commander Sims said that the French allow for extra and anticipated weights and that the Germans in designing ships figure on a normal line with full bunkers. He said that when the American fleet arrived at Rio de Janeiro the water lines of the Connecticut class were fully a foot and a half ow normal.

Cross-Examined by Capps.

At the conclusion of the criticisms of the water lines, which were made in the most general terms, Admiral Capps was given permission to crossexamine the witness. The admiral did this chiefly by raising direct issue icisms, which he said began back in no data in this regard, so Admiral 1895, and was confined to official chan- Capps declined to continue. He com-"Much of my service has dealt with witness had no data on which to base these criticisms," he said, and contin-

senators would not cross examine him powder burst, the grains of powder until he had concluded his statement in frequently get down to the handling room in the hold of the ship. He referred to the explosion on the Georgia and said that twenty odd burning grains of powder had found their way down to the handling room.

Chairman Hale said he thought it had been established that only the interrupted or two-stage hoist would be used in ships built hereafter. The witness took issue with the statements made by other officers, such as Admirals Capps and Converse, that the change to the two-stage hoists is being made in the interest of speed and not for safety. He expressed the belief that the direct hoist can be made safe. He thought also that there is no broken hoist that would permit of such rapid firing as is averaged by the American ships with the direct hoist but that the danger now is great.

Accusations and Denials.

The cross-examination by Admiral Capps resulted in more direct accusations, and positive denials, without bringing out anything of importance. Commander Sims stated by Senator Perkins and Senator Till-Gunnery was referred to incidentally man spoke of the record made at Santiago as "modern glory." Commander Sims characterized the shooting by the American squadron as the "most disgraceful exhibition of gunnery ever took place on the face of the globe." He said that only 1 1-2 per cent of hits were averaged and 4 per ago, which was held for the purpose of a cent was the best made by any of more rigid enforcement of the state and the big guns. "Our gunners could not shoot at all," he said. "The Spaniards were in a woeful condition," said the witness, "or they could have escaped

> Commander Sims concluded his statenent at 12 o'clock, at the suggestion the committee. He remarked that had said "hardly anything of what ne wanted to say. The investigation will be resumed to:

Ministers and Saloon Men Confer With Mayor Brewer-Commissioners Unite.

The reform movement in Ogden with the witness. He denied that the German constructors figure on full bunkers in locating the water line; that the logs of a ship are accurate evi- loons at 12 o'clock midnight. Yesterday ecutive had ended representatives of the arrived at Rio. Commander Sims had no data in this regard, so Admiral Capps declined to continue. He commented that it was "obvious" that the witness had no data on which to base his criticisms.

"I should like to have the committee call Rear Admiral Goodrich and officers of this type to bear me out,"

"I'll make specific allusion to that the make specific allusion to that officer in a few moments," said Admiral Capps. His tone indicated that the "specific allusion" would not be complimentary, and Chairman Hale hastened to say that it would not be not officer or inventors with having nade misleading statements, the secretary of the ministers were accorded a hearty welcome by the mayor, who promptly informed them that he was not acting in formed were anxious that Le snould not be too radical and indorsed his suggestion that one thing at a time was all that could be taken up, and that when that was settled for all time it would be time enough to take up something else.

It is understood that many things intended to make Orden a "Spotless Town" what figure.

The saloon men had a long talk with the mayor, who informed them that his stand was such that he would not revoke the orders that had been issued a few days ago regarding Sunday closing. He also assumed the position that their other suggestions regarding the allowing of sa-loons to be open after 12 o'clock at night loons to be open after 12 o'clock at night during the week, etc., would be considered. It was claimed by some of the saloon men that some of the councilmen had asserted that they had not been consulted in the matter and were opposed to the action that had been taken.

The communication of the county commissioners sent to the council last night was for the purpose of promoting harmony and good will by concerted legal action, and to establish better moral conditions.

determine where the duty of each com-mences and ends, and that this condition has caused unpleasant friction between the two governing bodies. Especial atten-tion is called to the caring for the indi-gent poor which falls upon the county. Without intent to find fault the commis-sioners say that they sense the fact that

Attention is directed to the meeting of the board with the chief of police a week dens until they have become so demoral ized with alcoholic diseases and the de ized with alcoholic diseases and the basing effects of morphine that the coty has had to provide for their care and treatment.

A number of cases in point with their contention are cited and the commission-ers hold that in cases where poverty or distress occur from the causes indicated as the result of the alcoholic traffic from which the city receives a large licens ch expense was never anticipated unde the law to fall upon the county. As a remedy for the evil they set forth: "The habitual drunkard should be restrained All good Welshmen of Salt Lake entered with a "hywl" into the celebration of St. David's day, given by the Sons of Wales in the Sixteenth ward assembly hall last evening. The celebration consisted in the giving of a musical program, with a musical and literary contest for prizes. Under the leadership of Lawer Nailwest of Salt Lake entered when found in the saloon by having him placed in jail, and he should be restrained when found in the saloon by having him placed in jail, and he should be restrained when found in the saloon by having him placed in jail, and he should be restrained when found in the saloon by having him placed in jail, and he should be required to work on the 'rock pile' until he furnishes evidence of reform. The saloon keeper selling liquor to such unfortunates should have his license revoked."

The notifying of the saloon men that the loiterer and the habitual drunkard should be restrained when found in the saloon by having him placed in jail, and he should be reduired to work on the 'rock pile' until he furnishes evidence of reform. The saloon keeper selling liquor to such unfortunates should have his license revoked."

TORE UP SPUR .- A man named Dowll, said to be a resident of Salt Lake, track of the Oregon Short Line, laid across his land near the Ogden sugar factory. The action was due to a mis-

decided for the municipal ownership of the waterworks. A resolution was passed authorizing the president to appoint a committee to confer with the waterworks people to ascertain if it is possible to obtain the system by purchase, and if so at

Understood They Prefer Strike to Open Shop-Balloting Is Secret -New Foreman Named.

At a secret meeting held last evening in the Eagles' hall the machinists employed at the Rio Grande shops voted on the open-shop proposition which the of ficials of the Rio Grande have declared will go into effect all over the system. ditions.

The commissioners refer to the powers of the council, among which is: "The city has the power to suppress and prohibit bawdy houses, houses of ill fame, assignation, lewdness, prostitution, etc., etc." The other references are toward punishing and prohibiting selling or giving intoxicants to minors, insane persons and habitual drunkards, etc.

The commissioners hold that in directing the affairs of the city and county government it sometimes is found difficult to determine where the duty of each company to the commissioners had been company to the commissioners had the powers and the result will not be announced until after the returns from all of the unions on the Rio Grande system are received at the union headquarters in Denver.

It is understood that the union are unfavorable toward the proposition and that the vote will be taken to mean that the union men in the Salt Lake shops prefer to go on a strike rather than continue at work if no commissioners had been company to the proposition and that the vote will be taken to mean that the union men are employed in the shops. A circular has been issued by A. H. Gairns, master mechanic, announcing tha William Shepherd, a man from the east would succeed E. B. Duckworth as foreman of the machine shop at once.

It was announced a few days ago Denver that the wages of the telegraph operators would be cut and it was ruit is comparatively an easy matter to frame or enact laws and place them on the statute books, but that it is not so easy a matter to enforce them.

operators would be cut and it was ru mored that the trainmen would also have a reduced wage scale as soon as the present contract with them could be abrogat The local officials say that they h received no orders from the general office elative to either the telegraphers or the

OPERATORS HANG TOGETHER

No Change Will Be Made in the Wage Scale at Goldfield-Miners May Take Action. (Special to The Herald.)

Goldfield, Nev., March 2.-A special meeting of the Western Federation of Miners' union was held tonight, at which it was proposed to call the strike entirely cured. The best proof of this off and permit the members to return to work wherever the Tonopah scale would be paid, excepting at the Consolidated properties. The meeting brought forth nothing but wrangling and the matter went over until tomorrow night, when the regular meeting will be held. The Mine Operators' as sociation met this evening and discussed the proposition, and then adopted resolutions to the effect that there be no change made in the wage scale which is under the Tonopah scale, as to the wages paid machine men and muckers and that no change whatever be made in the resolutions adopted when the association was formed. The resolution carried without a dissenting vote and the operators are more firmly than ever of one mind.

There have been heavy desertions from the ranks of the federation during the past two weeks. The Little Florence lease has sixty men who were formerly members of the union and today the Rogers lease started up with forty men and had seventy applications. All the applicants were members of the Nevada Miners' union.

CHRONIC STOMACH

Cured by Dr. Williams' Pink Pills After Sufferer Had Doctored for Years in Vain.

The tonic treatment for indigestion is having remarkable success in curing obstinate cases of that distressing maladv and deserves attention from every sufferer. Its principle is that remedies for indigestion that digest the food for the stomach give relief for only a short time. Ultimately they unfit the stomach to do its own proper work, because they make its already weak power still weaker by disuse, while the remedy that strengthens the stomach makes it more and more capable of digesting the food for itself and this benefit lasts. A remedy that is a tonic not only for the stomach but for the blood and nerves as well, invigorates the entire system and makes recovery from the weakening effects of

indigestion rapid and thorough Miss Cynthia Hart, of 418 E. Mulberry street, Lebanon, Ohio, says: "I was a sufferer from stomach trouble for several years and found no relief in doctors' or other medicines. My appetite was gone, I was troubled constantly by headaches and dizzy spells and was so nervous that I was annoyed and worried by any little noise. It was almost impossible to sleep at night and I was easily tired out. The least bit of work made me short of breath. I lost in weight and was so run down that I knew I must soon find some

help or give up. "While undecided what to do I ran across a newspaper containing a case like mine cared by Dr. Williams' Pink Pills and at once bought a box. There was soon such a decided improvement that I continued using the pills and was is that I have been well ever since. I

cannot recommend the pills too highly. Sufferers from dyspepsia in any form who have found their condition unrelieved or actually growing worse while using ordinary remedies, would do well to try Dr. Williams' Pink Pills. They are sold by all druggists or direct by mail, postpaid, on receipt of price, 50c. per box six boxes, \$2.50. A diet book sent free on request to the Dr. Williams Medicine Co., Schenectady, N. Y.
